Attention Residents – Patio Blowing

Fiorini Landscape, Inc. will be blowing out patios on a weekly basis on either a Wednesday or a Thursday beginning on May 13, 2020.

Fiorini Landscape and Condo I WILL NOT be responsible for any damage to items left on patios. Any items that you wish to insure will not be broken by the blowing should be removed from the patios. Fiorini will be responsible for broken windows or glass doors if due to landscaping and/or blowing of patios.

In addition, Fiorini reserves the right to decide a patio is too cluttered to blow out without risking damage. In that event, Fiorini will send pictures and unit numbers to the Condo 1 Board so they may contact the homeowner to discuss possible resolutions.

If any resident would rather not have their patio blown off, please notify the Condo 1 office as soon as possible.

The Blue Ridge Condo 1 Board has approved this notice.
Thank you for your cooperation.
