

Condo II Snow Update

4:30 pm Thursday, February 18, 2021

Blue Ridge snow removal contractors are on site to clear our community walkway. Please ensure there are no obstacles in the path of the snow blowers and shovelers. Also, **if you wish to have a path cleared from the main walkway to your front door leave your gate open so the contractor will know you are requesting to have that area of your patio cleared.**

Thank you for your cooperation and have safe evening!
